**Brighten-A-Christmas**

Mansfield Division of Police assisted the Richland County Children Services and the Children's Cupboard Outreach with "Brighten A Christmas Project" on December 22, 2021. Volunteers gather at the department prior to the event to wrap presents. During the evening vehicles pulled into the parking lot where the group gave out gifts to the children and food to the families in the cars. The drive thru was due to Covid concerns. Both Police and Fire vehicles were upfitted with Christmas decorations. It was a wonderful event to give to the less fortunate within our community.

Command Staff had several surprises in store for the day of the event which made the event fly by with laughter while making the children's' day a little brighter.

Special Thanks to Captain Chad Brubaker, Lt. Donnie Rhinehart, and Lab Operations Supervisor Jerry Botdorf for being such amazing elves. And K-9 Denise for bringing smiles to attendees.

## DETECTIVE SECTION

The Mansfield Division of Police Detective Section falls under the command of the Special Operations Bureau. The Detective Section consists of the Major Crimes Unit, Internet Crime Against Children (ICAC) unit and the Juvenile Crimes Unit of the Police Department. The Section consists of 1 Lieutenant, 1 Sergeant, and 7 detectives.

Lt. Robert John Skropits oversees operation of the Section. The Major Crimes Unit 2<sup>nd</sup> shift supervisor is Detective Sgt. Matthew Loughman. The Detective Section saw the promotion and reassignment of two detectives. Det. Jered Kingsborough was promoted to Sergeant and Det. James Perry was reassigned to Patrol due to manpower issues.

Lt. Robert Skropits

This reallocation left a hole in the Detective Section where there was only five detectives who could work cases. The section remained at a loss from the reallocation of Detectives for the remainder of the year from seven detectives now at five.

In 2021, the Detective Section investigated 621 total cases. The four Major Crimes detectives and one Juvenile detective doing all the Juvenile cases along with her other cases and one supervisor investigated a total of 471 cases. Two Detectives working the day shift and three working the afternoon shift. The unit also conducts all of the tracing needed for any gun taken in by the department which was 129 tracings. The Detectives also conducted background investigations for new hires.

The Detective Section also investigated 66 Runaways, 31 Missing Persons, and served 226 Search Warrants. There were 18 DNA assignments. Detectives also were called to investigate 29 fatal overdose deaths. There were 0 Homicides within the city in 2021.

Within the Detective Section's Major Crimes Unit is a specialized Domestic Violence Detective position made possible through a Domestic Violence grant. The DV Detective works the dayshift and handles all domestic violence complaints up to and including Homicide, if it is domestic related. The grant is made possible by the Federal Violence Against Women Act (VAWA) through the Office of Criminal Justice Services (OCJS).

The DV Detectives assigned by the grant, totaled 132 DV related cases. The Detective also reviews the 102 LAP Forms completed in the packets. He also investigated non-related Domestic Violence calls. The DV Detective attends Domestic Violence Court every other Wednesday throughout the year. The court is run by Judge Jerry Ault in the Municipal Court System. The Domestic Violence investigations were handled by Det. J. Mark Perry. The courts were hampered by Covid 19 during this year. This Detective was reassigned to patrol due to manpower issues half way through the year.

Another specialized Major Crimes Unit position includes a detective that is assigned to handle sexually related criminal cases. These include sexual abuse cases that may be reported or referred to the Section by Richland County Children Services.

The Major Crimes Unit Sexual Assault Detective, Detective Jered Kingsborough works the dayshift and handles nearly all sexually related cases as well as cases referred by the Richland County Children Services. He was assigned 18 total cases, of which some of those cases were referrals from RCCS. Included in those numbers were felonies, misdemeanor cases, and non-criminal cases. He was promoted and reassigned to patrol as a Sergeant in the first part of the year. This position went unfilled for the remainder of the year due to manpower issues.

The detectives have increased their on the job training and attended through webinar trainings on many different areas that the detectives deal with on a daily basis. The virus has affected the whole section and the training needed for Detectives. The unit works as a whole on any homicides or major felonies when they happen within the city.

The Neighborhood Impact Section (NIS) is continually adapting to the assortment of responsibilities it currently oversees along with any additional needs that need to be addressed throughout the city. With the manpower shortage the School Resource officer, DARE officer and the CP officer positions were vacated. This leaves the NIS sergeant and the PAL (civilian employee) in the unit.

Sgt. Jon Ahles

The Zone Regional Neighborhood Watch groups are well established and have evolved into self-sufficient groups that handle most of their planning for monthly meetings. Additional programs under the supervision of NIS such as Mentoring and Exploring are all being attended by NIS officers as much as possible to maintain these partnerships and involvement in the community. NIS officers also attended several community events to build new relationships in the community. The unit oversees security for City Council meetings when possible. The NIS continues to support the department's Goals and Objectives by maintaining a positive presence in the community and empowering citizens to help reduce crime in their neighborhoods.

## NEIGHBORHOOD WATCH

The Zone Regional Neighborhood Watch (NW) meetings were being well attended throughout the city until May when the unit was downsized. There are nine (9) smaller NW groups that continue to meet in addition to the Regional meetings. Two of these groups meet on a quarterly basis and all are well attended. These smaller groups also do a good job of planning and coordinating their own meetings. NIS attended 27 neighborhood watch meetings in 2021. Some of the Neighborhood Watch groups were not able to be attended due to scheduling conflicts this year.

## EXPLORERS

The Mansfield Police Explorer Post 7751 is advised by officers from NIS. Sgt. Ahles is over the unit as the head Post Advisor and Reserve Officer Ron Barnes is the Post Committee Chairperson. Sgt. Ahles handles the primary responsibilities of the program while relying on Reserve Officer Barnes and Auxiliary Officer Puff to assist with and be role players for scenarios to prepare the youth for competitions and their future careers in law enforcement. There are currently 7 youth, 5 males and 2 females in the program ranging in age from 14-20. In 2021 the youth attended over 100 hours of training in law enforcement techniques, skills and equipment use. This training prepares them for the annual Heart of Ohio Law Enforcement Explorer Competition and bi-annual National Law Enforcement Exploring Conference/Competition.

While training all year for competitions and learning about law enforcement as a career the post also completed 67 hours of community service within the community this year. The Explorer post continues to be financially self-sufficient because of its partnership with the Mansfield Reformatory Preservation Society (OSR). During the month of October & November, youth parked over 10,000 cars for the Haunted Prison Experience working 12 days & over 1600-man hours.

## D.A.R.E

Due to staffing issues along with the ongoing Covid-19 global pandemic, there was no D.A.R.E. officer at the schools during the 2020-2021 school years.

## SCHOOL RESOURCE OFFICER

Due to staff shortages, there was no SRO at Mansfield Senior High School in 2021.

## **SAFETY TOWN**

Officer Frend Boals came up with the idea of Safety Town from his personal experience of taking reports of children being hit by a car while walking home from school or to the local store. In 1937, it became the first program of its kind in the nation. Officer Boals enlisted the help of Ruth Robbins, a private kindergarten teacher and miniature town was set up at Prospect Park, complete with a stop sign and metal peddle cars. Children took turns being pedestrians and drivers and were kindly instructed on how to protect themselves. In 1953, Brinkerhoff Elementary/Spanish Immersion became the permanent home of Safety Town.

Safety Town has grown into one of the most sought after juvenile programs. The program has been adopted by communities in the United States and Internationally. The program has updated over the years to include stranger awareness, gun safety, water safety, animal safety, fire safety, how to behave around a school bus, how to fasten their seatbelt, and just as important, that Police are their friends and not to be afraid of a Fireman in full gear. Each session is 10 days. Each day has a safety theme that is taught by qualified teachers and classroom aides through crafts, songs, movies and stories as well as by special guests who share in hands on instruction. Instructors work closely with children to help them learn their address and phone number, as well as how to cross the street safely, how to put on a life jacket and how to stop, drop and roll.

Approximately 129 youth attended Safety Town in 2021.

## **POLICE ATHLETIC LEAGUE**

The Police Athletic League helps to prevent juvenile crime by developing strong positive attitudes towards police officers.

Recognizing the importance of prevention efforts in reducing juvenile crime, the Mansfield Division of Police is involved in many youth initiatives, mostly funded by grant support. The Division Youth Project Coordinator collaborates with National Police Athletic League, Friendly House, Community Action for Capable Youth, and area schools just to name a few. The Police Athletic League activities are focused during the high youth delinquency periods of 3:00 pm to 9:00 pm.

Approximately 2,500 youth participated in PAL activities and programs. The programs included A.C.E. (A Community Effort), Leadership Club, Sticks with Chicks (knitting club) and Golden Age Club. The PAL study centers and computer labs are equipped with educational software, homework assistance, and reading skill programs.

PAL events held in 2021 include A.C.E. (A Community Effort) that allows children to participate in a fun day at the Friendly House with pizza, swimming and activities attended by officers, Miss Ohio and teen pageant participants; Polar Express event is an opportunity for the kids to received pajamas, pizza, watch a movie and swim; area youth performed a community service project

Enforcement operations include the METRICH Enforcement Unit and the Crisis Management Team. These consist of the Special Weapons and Tactics Team (SWAT), Disturbance Control Team (DCT), and the Crisis Negotiations Team (CNT).

## **METRICH**

The METRICH Enforcement Unit/Special Investigations Section (SIS) has now completed its 35th year. The COVID-19 Global pandemic began to slow down slightly but still had its impact on the unit throughout the year. Critical staffing levels became the larger issue in 2021.

The unit, through long and short-term investigative strategies, investigates crimes involving drug trafficking, drug abuse, weapons, gang activity, vice-related crimes as well as other sensitive investigations. Acting as a fusion center for Richland Co., the unit maintains a substantial intelligence database as well as a large inventory of specialized technical equipment.

This organizational structure allows task force officers to identify and respond to emerging trends and threats to community safety. For example, in 2017, METRICH Enforcement Unit leadership changed investigative strategies to focus on mid to upper-level drug trafficking organizations that are importing drugs and weapons into Mansfield/Richland County, Ohio. This change in priorities has enabled the unit to conduct 5 Title III investigations since early 2017. These investigations are extremely lengthy and manpower-intensive; however, the impact in reducing the availability of illegal drugs and weapons

in the community has been extremely positive. Also, the Richland County Opiate Board QRT continues to have success in connecting addicted individuals to community treatment resources. This three (3) prong approach of law enforcement, treatment, and education providers continues to show positive results for the Richland County community. However, the opioid drug problem continues to plague our community and our Mansfield Police Forensic Science Section.

METRICH continues to build upon our community and social service partnerships. These partnerships included continued collaboration with Community Action for Capable Youth (CACY), the parole and probation partnership, Richland County Opiate Board, Richland County

Youth Substance Use Coalition, neighborhood watch, the Northern Ohio Violent Fugitive Task Force (NOVTF), and the Northern Ohio Violent Crime Consortium (NOVCC).

As we look forward to the challenges of organized criminal activity the METRICH Task Force can continue to multiply the taxpayer investment by providing effective and professional police services through community partnership and law enforcement collaboration.

In 2021, the METRICH Enforcement Unit in Richland County processed 130 criminal cases with 24 felony counts. Additionally, the unit conducted 94 search warrants and collected 3,094 investigative tips and leads. As part of a ten-county multi-jurisdictional task force, METRICH can share funding, investigative resources, technical equipment, and investigative leads to maximize the taxpayer benefit through our federal, state, and local partnerships.

Also, in 2021, METRICH continued focusing on mid to upper-level drug trafficking organizations that are importing drugs and weapons into Mansfield/Richland County, Ohio. METRICH detectives continued to identify and target major drug trafficking organizations through the use of federal wiretap investigations. Through collaboration with the Mansfield Office of the FBI and the DEA, the unit conducted 2 additional operations stemming from previous Title III investigations. These long-term investigations started in early 2018. The METRICH Enforcement Unit continues to divide its attention to targeting both the local neighborhood complaints as well as the mid to upper-level trafficking organization groups. The ultimate goal is being able to continue focusing on long-term Title III investigations as well as increase short-term investigations that focus on neighborhood drug house complaints.

## SWAT/ASORT:

During 2021, ASORT responded to a total of 6 High Risk Operations and conducted over watch and security for the 3 day Inkarceration Music Festival.

One (1) operation was an Arrest and Search Warrant in response to a wanted fugitive by the Richland County Sheriff's Office.

Five (5) of the operations were in response to requests from MPD Patrol and Major Crimes for High Risk Arrest and Search Warrants related to barricaded individuals.

ASORT had a successful year in 2021 with many significant updates to equipment. ASORT continued to be mindful of the ongoing threat from COVID 19 however, the impact it had on the team throughout the year was minimal. ASORT conducted candidate testing in March, successfully adding one Operator to the team.

The TEMS (Tactical EMS) program and three MFD TEMS operators continue to augment the team during operations and training. TEMS completed team CLS (combat life saver) training and monitored operator's well-being during team PT, training and call outs. The TEMS operators conduct all training with ASORT, meet the same fitness requirements as operators and have qualified on all weapon systems available to ASORT for familiarity. TEMS operators also deploy with ASORT on all call outs providing basic first aid and life saving measures for both the team and the public during high risk incidents.

ASORT attended twenty one (21) scheduled training days in 2021. ASORT designated marksmen (Snipers) trained an additional twelve (12) days continuing to work on their defensive marksman field craft and precision shooting skills.

After many years of service the Black Equipment Truck was retired and ASORT received a new equipment van. The new van was outfitted and equipped based on the needs of ASORT and has been an extremely beneficial addition to the team. The tactical robot purchased in 2020 was used on several of the ASORT responses in 2021. The robot has also been a great addition to the team allowing operators to get a visual of the inside of a target location before making entry. Fifteen (15) new rifles were purchased and received at the end of the year. The new rifles will be issued at the first training of 2022 allowing ASORT to eliminate the need for operators to use their personal rifles. The new rifles will also alleviate ASORT dependency on the Law Enforcement Support Office 1033 program. As with any specialized unit, needs will continue to come up. As needs are identified, ASORT command will assess and prioritize each before being brought to the associations attention.

ASORT made very minimal public appearances throughout the year. However, ASORT was present at the 3<sup>rd</sup> St. Clinic Neighborhood Block Party, Lexington Elementary School Safety Day and J&J Farms First Responder Appreciation Day.

The Mansfield Police Division implemented the web-based Moments of Opportunity in Police Service in 2011 with the view that each citizen contact is an opportunity to win the respect, trust, and support of the community. The Division recognizes that the community is the first line of defense against crime and the most essential component in preventing it. Positive contacts will reinforce the community's resolve to help us develop safer neighborhoods through community partnerships and participation. A community's willingness to cooperate is born out of the level of trust, respect, and support they have for their police. All police personnel can leverage public support, trust, and respect by embracing and promoting enhanced customer service in policing. In 2021, 39 compliments were received.

### A LETTER RECEIVED BY THE DIVISION

A female at Sherman Elementary advised that she was very impressed with an officer while he was working a detail at the school. She said that the officer ate with the kids, tied their shoes and conversed with them and made a positive impact with the children.

### A LETTER RECEIVED BY THE DIVISION

My car was broken into and my purse was stolen. The officer was truly wonderful! He walked the park with my husband and me looking in the bushes as he thought the thief had just taken my money and threw my purse. Unfortunately, we didn't find it. While we were searching my credit card company phone me with a fraud alert, asking if I made two chares at a store I stated no and the officer recorded the amounts of those transactions then drove to the store to follow up with loss prevention department. While it was a very upsetting time for me, I am thankful that the officer was there. Thank you for serving the Mansfield community.

Officer Evans was attempting to assist a wounded neighbor of the suspect when the wife of the suspect became the object of the assailant. As Officer Evans arrived at the suspect's residence, he noticed a neighbor down the driveway. As the wife who was sitting in a vehicle with the Officer pleaded with Officer Evans to leave and call for additional help, Officer Evans exited the vehicle and pulled the wife to the driver's side of the vehicle and ordered her to leave. Officer Evans immediately began to render help to the neighbor as the shooter appeared and began to fire an M4 rifle at the vehicle containing the suspect's wife. Officer Evans intervened long enough to distract the shooter and allow the wife to escape to safety. The vehicle was hit at least 10 times; however, the wife was unharmed. As Officer Evans tried to confront the suspect, the suspect then turned and fired on Officer Evans, killing him with one shot from the rifle. Although Officer Evans was unable to save the neighbor in the driveway who died of multiple gunshot wounds, Officer Evans' actions clearly saved the life of the suspect's wife. The suspect surrendered to authorities following a 3-hour stand-off in which nearly 80 shots were fired.

# Guiding Principles

## *Vision Statement*

To be a premier Law Enforcement Agency.

## *Mission Statement*

We are a professional law enforcement team dedicated to promoting safe, secure neighborhoods and improving the quality of life through Community Partnerships with the citizens of Mansfield.

## *The Core Beliefs of the Mansfield Division of Police are:*

### *Integrity*

The willingness to do what is right even when no one is looking. Some say Integrity is a character trait, a moral compass or that inner voice. Integrity is imperative and covers many other moral traits. Moral Courage to do what is right even if the personal cost is high. Responsibility, a person of Integrity acknowledges his or her duties and acts accordingly. Accountability is a critical part of a person with Integrity, no person of Integrity tries to shift the blame to others or take credit for the work of others; "the buck stops here" says it best.

### *Honesty*

The single most significant mark of an officer's value is to be able to admit when he/she is wrong and go forward.

### *Respect*

Service before self is a common phrase in public service. Genuine Respect involves viewing another person as an individual of fundamental worth. A person should never be judged on the basis of his/her possession of an attribute that places him or her in some racial, ethnic, economic, or gender-based category.

### *Professionalism*

Being professional means being punctual, courteous, prepared. Prepared in mind, body and well-groomed. It also means having and showing respect, even when challenged.

### *Self-Discipline*

Accountability. Members of the Division must recognize what job needs to be done, and then do that job well. Law enforcement officers have a responsibility to those they serve to be accountable for their actions.
